

Unit 17 / Hunting:

(See Unit 17 Bristol Bay map)

Unit 17 consists of drainages into Bristol Bay and the Bering Sea between Etolin Point and Cape Newenham, and all islands between these points including Hagemeister Island and the Walrus Islands.

Unit 17A consists of the drainages between Cape Newenham and Cape Constantine, and Hagemeister Island and the Walrus Islands.

Unit 17B consists of the Nushagak River drainage upstream from (and including) the Mulchatna River

drainage, and the Wood River drainage upstream from the outlet of Lake Beverley.

Unit 17C consists of the remainder of Unit 17.

Special Provisions:

- Except for aircraft and boats and in legal hunting camps, you may not use any motorized vehicle for hunting an ungulate, bear, wolf, and wolverine; including transportation of hunters and parts of an ungulate, bear, wolf, or wolverine in the Upper Mulchatna Controlled Use Area consisting of Unit 17B, from Aug. 1–Nov. 1.
- No resident tag is required for taking brown bear in Unit 17, provided that the hunter has a State registration permit prior to hunting. See page 23 for bear sealing requirements.
- Bait may be used to hunt black bear between April 15–June 15.
- All edible meat from caribou and moose harvested in Unit 17 prior to Oct. 1 must remain on the bones of the front quarters and hind quarters until the meat is removed from the field or is processed for human consumption.
- For Federal registration permit caribou hunts for Units 17A and 17C, that portion consisting of the Nushagak Peninsula south of the Igushik River, Tuklung River and Tuklung Hills, west to Tvativak Bay, a Federally qualified subsistence user may designate another Federally qualified subsistence user to harvest caribou on their behalf. The designated hunter must get a designated hunter permit and must return a completed harvest report. The designated hunter may hunt for any number of recipients, but may have no more than two harvest limits in their possession at any one time.
- National Park Service (NPS) areas—For subsistence use, national parks and monuments are open only to NPS qualified subsistence users. Subsistence users must be local rural residents of NPS areas. For more information, contact the NPS office in Anchorage at (907) 644-3509.
